

June 22, 2011

To Whom It May Concern:

The Port Townsend Grad Night committee contracted with DJ Scott Fijolek to perform at Grad Night for the Class of 2011 on Friday, June 10, 2011. Mr. Fijolek was hired to perform games and contests to keep the graduates entertained on their all night boat cruise.

Scott surpassed our expectations helping in areas beyond his contracted duties. He assisted the event manager with loading all teens safely onto the boat. He was upbeat and energetic, working well with all chaperones and other services on the boat that night. His entertainment was non-stop and the group of teens that gathered to participate grew tremendously as the evening progressed. The chaperones mentioned that DJ Scott's games/contests/ice breakers were the best they have seen from other events they have attended. When DJ Scott's performance ended, many of the teens did not want him to stop and asked him to keep going since they were having so much fun.

Overall, our committee was very impressed with DJ Scott's professionalism and expertise. He charged a reasonable fee for the evening, one that was in line with other event costs. He is a great guy to work with and our committee would certainly recommend him to others when planning their events.

Sincerely,
