

I worked closely with Scott Fijolek from March of 2007 through July of 2009. During that time I came to know him well. Scott is a very loyal and dedicated individual, both on a personal and professional level.

He is excellent at researching in order to find answers and solutions as needed. He is very resourceful, self motivated and intelligent.

In regards to web design, Scott has a thorough understanding of technology. He has a talent for reaching this technological savvy market through the use of web design, social media, videos & music. Scott's work regarding search engine optimization resulted in web pages, blogs and YouTube videos to show up at the top of the first page of search engines such as Google, Yahoo and Bing.

We hired Scott to provide Interactive DJ, Emcee and Trivia Game Show entertainment for many of our valuable clients. As a result, many clients sent in thank you letters regarding Scott's "family - friendly" entertainment and organized leadership.

Scott is very creative. His approach consists of innovative solutions of which he freely contributed often within the workplace. He is not afraid to try something new and is definitely a risk taker. I know he will truly be an asset to any company or event he works for.

I highly recommend him as a candidate for any position he pursues. Feel free to contact me with any questions.
